

Lower Los Angeles River Implementation Advisory Group

Project Information Packet

The Lower LA River Implementation Advisory Group (IAG) aims to ensure that subsequently implemented projects are carried out in accordance with the Lower LA River Revitalization Plan and that stakeholders continue to have a voice in implementation. In its role as an advisory body, the IAG will provide guidance on proposed projects, but ultimately, individual entities with jurisdiction along the river corridor including the LA County Flood Control District, the US Army Corps of Engineers, and the cities will continue having decision-making authority.

Project Description (Attach map/site layout/concept sketch):

The purpose of this document is to aid in the discussion and development of project review criteria. The proposed topics are suggestions and may be changed, removed, or added to. Each Committee is to review and shape the criteria to fit the goals of their Committee.

When reviewing this discussion document, please consider:

What should this document contain? Is it touching on all themes pertinent to the Committees and the Lower Los Angeles River?

References/Letters of Support (If available, list and attach):

For Discussion Only

Project Discussion

The intent of the project packet is to help the proposed project remain consistent with the Lower Los Angeles River Revitalization Plan (LLARRP) and identify areas of potential need where the committees and the Implementation Advisory Group (IAG) can be a resource to aid in finding funding, project partners, innovation, etc. Please answer the following questions as completely as possible given the stage of the project.

| | PREWI | PPC | PACE | Question | Yes | No |
|---------------------|-------|-----|------|--|-----|----|
| General | | | | Is the project consistent with the Lower Los Angeles River Revitalization Plan (LLARRP)? | | |
| | | | | Explain: | | |
| Water | | | | Does the project improve the overall water quality of the Los Angeles River? | | |
| | | | | Explain: | | |
| | | | | Does the project implement stormwater capture, water conservation practices, and/or other methodologies? | | |
| | | | | Explain: | | |
| Environment | | | | What environmental documentation (CEQA, NEPA, etc.) will be required or has been completed for the project? | | |
| | | | | Explain: | | |
| | | | | Are there any activities associated with the project that could impact the environment such as trash, pet waste, or chemicals? | | |
| | | | | Explain: | | |
| | | | | Will the project reduce or mitigate GHG emissions, improve air quality, and/or improve water quality? | | |
| | | | | Explain: | | |
| Infrastructure | | | | Will the project modify existing infrastructure such as flood control channels, open space, utility corridors, ROW land use, and transportation corridors? | | |
| | | | | Explain: | | |
| Habitat & Ecosystem | | | | Does the project create habitat or improve ecosystem health within the watershed? | | |
| | | | | Explain: | | |
| | | | | Is there native Los Angeles River riparian/wetland vegetation planned for the project? | | |
| | | | | Explain: | | |
| Multi-Benefit | | | | Does the project expand existing or create new multi-benefit opportunities? | | |
| | | | | Explain: | | |

For Discussion Only

| | PREWI | PPC | PACE | Question | Yes | No |
|----------------------|-------|-----|------|--|-----|----|
| Funding | | | | Is there potential funding the project proponent is seeking for the project? Explain: | | |
| | | | | Are there any funding gaps identified in the project? Explain: | | |
| | | | | Are there any identified partnerships? Explain: | | |
| Policy | | | | Are there plans for addressing safety and security within the project limits? Explain: | | |
| | | | | Is the project identified in any existing plans/policies (federal, state, local)? Explain: | | |
| Equity | | | | Is there a group the project intends to serve (e.g., residents, youth, pedestrians, cyclists, artists, equestrians, bird watchers)? Explain: | | |
| | | | | Is the project in a disadvantaged community? Explain: | | |
| | | | | Does the project address the concerns of equity, displacement, and environmental justice? Explain: | | |
| Community Engagement | | | | Has the project been engaging the community in its development process? Explain: | | |
| | | | | Are there future plans for community engagement? Explain: | | |
| | | | | Has the project received feedback? Explain: | | |

For Discussion Only

Building Blocks

The LLARRP developed a vast array of Building Blocks – modular concepts and strategies – that can be assembled in a variety of ways to develop specific projects, policies, and programs. Please indicate the Building Blocks that the proposed project intends to use.

| Applied | Building Block | Applied | Building Block |
|---------|--|---------|---|
| | Active space | | Leverage pump stations to convey stormwater |
| | Additional permanent homeless shelters | | Lighting |
| | Bike hubs | | Loop and spur trails |
| | Bioswales | | Low income access |
| | Boardwalks and overlooks | | Low water crossings |
| | Brownfields remediation | | Low-flow channel modifications |
| | Climbing wall | | Multi-use publicly-owned properties |
| | Commercial zone access | | Onsite water recycling |
| | Community garden | | Open space access |
| | Community gateway | | Overcrossing |
| | Continuous park space | | Oyster bed restoration |
| | Curb cuts/street eddy basins | | Passive space |
| | Destination stops | | Pedestrian and cyclist access |
| | Diversion to sanitary sewer | | Permeable paving |
| | Drinking fountains | | Plazas |
| | Dry wells | | Pop-up parks |
| | Elevated paths | | Property acquisition |
| | Equestrian trails | | Public art and murals |
| | Floodplain expansion | | Recreation center |
| | Green infrastructure | | Regional gateway |
| | Habitat area | | Shade (veg. or structural) |
| | Historical, cultural, environmental education/assets/signage | | Transit-oriented development |
| | Homeless space sharing | | Tunnels |
| | Infiltration basins and trenches | | Undercrossing |
| | In-river access and safety | | Water capture and onsite storage |
| | Leverage planned regional water recycling projects | | Water recreation |
